KEYNOTE SPEAKER:

Mr. John Yardley Presents:

Whole People, Positive Relationships, Sustainable Partnerships

John Yardley

John is associate professor, faculty of applied health sciences, and director, Workplace Health Research Unit (WHRU) at Brock University. He is currently directing the development, management, and use of a strategic human resource management database in the WHRU. This project captures employee feedback on workplace systems and management elements, health management practices within work organizations, health cost drivers impacting workplace costs and productivity, and workplace and human productivity measures. Since 1982, John has developed training sessions and consulted with a wide range of organizations. He presents and publishes in the areas of strategic human resource management, healthy workplaces, leadership development and quality of work life.

John has a PhD and MA in organizational/ social psychology, an MA in recreation administration, a BA and B.Sc. and a diploma in teaching.
